A mission's waste from People to People International

The summer camp became a huge success. Kids and teenagers mostly from families with a non Christian background attended the camp.

Dear friends and partners. Greetings in Jesus' Name!

First of all we want to thank you so much for your support in prayer as well as financially. It means so much to us to know that you are standing with us in the calling God has given us. Your support is well invested money, they make the difference in the lives of many, many people. To some it is the difference between life and death. September is the month when fall is making its entry, at least in our parts of the world.

The months of September is also going to be very intense, since we are moving our office to another location. We are very excited about this. It is an office space that better will fit our needs today. Here is Jörgen's report from his two last trips.

The trip to Romania

The trip went very well which we are very thankful for. Along on the trip were two good Christian friends, both by the name Jimmy. One of them is a professional magician/illusionist that happens to also be a warm believer. He had offered to give several performances for the children, free of charge, during these trips. This is an amazing gift Jimmy has given. Since two of the organizations we support financially have many children, it was an amazing opportunity to give these children an unforgettable experience.

The first performance was at Caminul Felix. Parents and children of all ages came. The meeting hall was packed with people. The excitement and anticipation was high. Many of them had never experienced anything like this. It was some magical moments for the children, when they watched things disappear and change colors.

We also visited Children of Promise (COP) where the performance also took place. There were also children who live at the orphanage that is ran by COP. Here we could see that the children at COP were not used at all to something like this. They liked it very much. Thank you so much Jimmy for so generously giving to so many people. It means more than you can imagine.

The church building in Spinus

During our stay in Romania we also had the opportunity to visit Spinus. It was with great satisfaction we saw that the first step was taken to finish the auditorium. The first layer of rough-cast was on the walls and after that a fine plaster will be put on. Than it is time for the ceiling and flooring. They will put priority on the interior work. If everything goes according to plans, the grand opening will be held October 27. It will be a day of great joy for all of us.

Before we left for Moldova I was invited to preach at Filadelfia Church in Oradea. The church building was packed with people when we arrived.

The Church service started at 10 o'clock, but already one hour before, the worship and prayer had started. The church building was filled with many prayers this morning. When it comes to prayer, they know how to pray. It was a blessed time, when we felt the presence of God manifested in a powerful way.

A few days in Moldova

We did not really know what to expect when it came to Jimmy's performance in Glodeni. We had sent 500 numbered tickets to Pastor Igor. It was the number of people the hall could take in. The county governor had already in May when I was there, promised that we could use the Culture Hall for free. When we met Igor he confirmed what we already had thought, all the tickets were handed out. A show like this had never been put on in Glodeni. It was a big event and the interest was huge, which made this even more exciting. The county governor told us that during the performance it was the first time, since he became an adult, he had felt like a kid. It also gave Pastor Igor an opportunity to thank the county governor for allowing us to use the Culture Hall and that is was a joint venture between the Church in Glodeni and People to People International.

The meeting with the county governor

When Valieru, the county governor, heard we were coming he moved his up-coming vacation a few days in order to meet with us. We were glad when we heard it. His area of responsibility is about 20 villages with approx. 70.000 inhabitants. We had the opportunity to talk about different issues that he faces. Another reason he want to meet with us, was to express his appreciation and thank you for all that we have done and do for the poor and afflicted people of Glodeni. Before we left I asked if we could pray for him, both personally and for his work. A bit surprised he looked at me for a second, and then he said it was o.k. We prayed that God would give him His wisdom to distinguish between right and wrong decisions.

When we left, Pastor Igor told me that it was the first time anyone had been allowed to pray for a political representative like him. I am convinced that God is going to use all that has happen for His glory and also draw people to Him.

The summer camp

We would also like to mention some from the summer camp we supported financially. It was also a success for the Church in Glodeni. This year the camp was at a camp ground away from the city. The change of surroundings proved to be very good for the kids. All together 60 kids participated. We are also very glad for the response from the parents and grandparents. Two of them wrote.

I am so glad to see my girl happy

My name is Anatol Popovici. It makes me happy to see my girl happy. She liked very much to participate at the summer camp. She learned to pray and read the Bible. When she came back, she started without anyone telling her, to clean and to do the dishes. I am convinced that God has changed my daughter Jenea. Thank you for the financial help to the Church which made it possible for my daughter participate. May God reward you for your goodness and generosity. Anatol

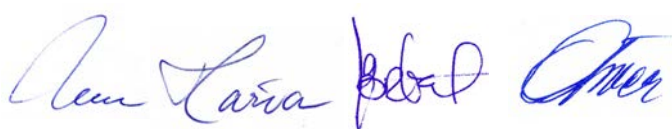

The camp was great – a good way to get to know God

My name is Maria Besliu. I am Caterina's grandmother. I am so glad that my grandchild was able to participate in the summer camp. We want to thank you for making this possible. Caterina learned many good things during those days. May God bless you! Maria.

We hope this letter gives you a small glimpse of what God is doing through PTPI, where you play a very important part. It is through your prayers and financial support we can carry out the calling God has given us. Once again thank you for your love and support.

We love you and will continue to keep you in our prayers.
